**PINTS AND PROFESSIONALS | April 28 | 4:00 PM - 6:00 PM (PST) | Mission Acceleration Center (MAC) | Seattle, WA**

Please join PNDC for a fun-filled networking happy hour at the Mission Acceleration Center (MAC) in downtown Seattle. This in-person networking event is a great opportunity for you to engage with PNDC Members and other businesses in the defense/security industry. There will be ample time to mingle, have some good food and refreshments. We hope to see you there!

**REGISTER NOW!**

## CYBERSECURITY FORUM | May 3 | 9:00 AM - 10:30 AM (PST) | Online

The Pacific Northwest has been the site for a pilot program to help manufacturers comply with cybersecurity requirements. Based on feedback from this program, we are launching a monthly check-in to provide relevant information... and lots of time for your questions to be answered by our cybersecurity expert panel. The content will be targeted to both management and technical staff working toward cybersecurity compliance with the Department of Defense's Cybersecurity Maturity Model Certification (CMMC) and other cybersecurity efforts.

**REGISTER NOW!**

**BOOK YOUR SPACE** NOW IN PNDC'S SHARED BOOTH AT **EUROSATORY 2022** IN USA SECURITY AND DEFENSE PAVILION | June 13 - 17 | Paris, France

The 2022 event will include more than 55,000 visitors from around the world, 1,800 exhibitors and more than 200 official delegations. Don't miss one of the largest defense expositions in the world! This is your opportunity to meet with key decision-makers and international leaders, launch new products and strengthen your reputation by exhibiting in this worldwide exhibition.

# MEMBER NEWS

INTRODUCTION TO SMALL BUSINESS INNOVATION RESEARCH (SBIR) | April 21 | 9:00 AM - 10:30 AM | (PST) Online

Join us and learn more about the funding available to turn your R&D into products & services with global impact. Specifically, we'll provide an introduction to the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs which are highly competitive programs that encourage domestic small businesses to engage in Federal Research/Research and Development (R/R&D) with the potential for commercialization. Through a competitive awards-based program, SBIR and STTR enable small businesses to explore their technological potential and provide the incentive to profit from its commercialization. By including qualified small businesses in the nation's R&D arena, high-tech innovation is stimulated, and the United States gains entrepreneurial spirit as it meets its specific research and development needs.
