

PNDC PINTS & PROFESSIONALS

PNDC's Pints & Professionals are a great way for a member company to raise awareness of their products and services, to make connections with current and/or potential suppliers and customers, and can open doors to new ideas and opportunities. PNDC focuses on the meaningful participation of PNDC members and partners and helps facilitate face-to-face discussions and business-to-business networking to establish stronger relationships within the defense & security industry in the Pacific Northwest.

PINTS & PROFESSIONALS HOST SPONSOR: \$1500

Host Company: Provides location to accommodate ~30-50 attendees with some tables and seating availability (don't need seats for everyone). Please provide facility tours for small groups prior to, during or after the networking portion of the event. Please plan on your staff joining the event - to welcome guests - and provide a brief overview of your company (2-4 mins). Include others that might enjoy networking (procurement, sales, community outreach staff). We include 5-7 guest passes for your staff and VIP guests. Some hosts also choose to provide a door prize.

PNDC staff will take care of all the marketing, invitations, registration, name tags, signage and ordering the food & beverage. Marketing includes featuring the event in PNDC's e-newsletter (sent to approximately 14,000 recipients weekly / typically for a 4-6-week period), an overview of your organization on the PNDC website/event registration page and listed on the PNDC on-line events calendar. PNDC will also take care of ordering the food and beverages for the event.
