## SUPPLY CHAIN OPPORTUNITIES CONFERENCE

### Supply Chain Opportunities Conference Coming Up In February

Our most popular event is happening in Clackamas on Tuesday, February 14th from 9:00AM - 2:30PM. **Please Note the Date Change.** Through a combination of presentations and roundtable discussions, this Supply Chain Opportunities Conference is designed to help companies develop new knowledge, new contacts, and most importantly, new business. This is a unique opportunity for manufacturers to hear from primes/OEM about their supply chain needs. In addition, several roundtable discussions with other peer manufacturers create a unique opportunity for making connections and increase sourcing within the Pacific Northwest.

- Meet Northwest Primes and Tier 1 Suppliers

- Establish New Relationships with Northwest Manufacturers
- Increase Local Sourcing and Develop Strategic Partnerships
- Discover Resources to Increase Efficiency and Grow Your Business

## Learn To Do Business With:

## Featured Speakers:

- Darin Durante, Supply Chain Manager at Boeing
- Traci Parker, Senior Buyer at Lifeport
- Robert Roedts, Engineering, Manufacturing, and Supply Chain, Columbia Helicopters

## About the Senior Executive Dinner

This is one of our most exclusive events for selected business leaders. We invite 50-60 senior Northwest defense and security executives to share best practices, collaborate, and build connections while they enjoy a great dinner and thought-provoking speakers.

### Keynote Speaker

#### Ryan Peoples

Partner, Renaissance Strategic Advisors

Ryan Peoples is a partner with Renaissance Strategic Advisors in their Washington, DC office. He brings 20 years of engineering and consulting experience in the aerospace and defense sector to support corporate strategy and development, M&A due diligence, and competitive assessment and pricing strategy initiatives for clients spanning defense primes, mid-tier suppliers, and financial sponsors.

His in-depth sector expertise includes defense budget analysis, defense electronics, and particularly naval and maritime markets where his relevant experience spans projects from shipbuilding and ship repair through naval electronics, undersea warfare, and unmanned maritime systems. Previously, Ryan held positions as a management consultant in the aerospace and defense practice of Charles River Associates (CRA), as a research associate at the Institute for Defense Analyses (IDA) where he supported technical studies performed for the Department of Defense, and as an engineering intern at Lockheed Martin's Skunk Works working on structural design for advanced programs. Ryan is a graduate of the Massachusetts Institute of Technology (MIT), where he earned S.B. and S.M. degrees in Aeronautics and Astronautics.
