PNDC's Annual Dinner Keynote Speaker Announced

Chuck Pressburg, SGM(R) and President of Presscheck Training and Consulting, will be our keynote speaker for the PNDC Annual Dinner on November 3, 2022.

Chuck retired from the US Army on January 1, 2017 after 26 years of active service, mostly in Special Operations and Special Missions Units. His impressive career includes serving two tours of duty in Afghanistan and supporting conventional and Special Operations Forces in Operation Iraqi Freedom.

Chuck is a captivating speaker with an incredibly powerful story - **you won't want to miss it!**

DATE: Thursday, November 3, 2022

TIME: 5:00PM - 9:00PM (PST)

LOCATION: Hilton Vancouver
301 W 6th St, Vancouver, WA

IN THE NEWS

Army Holds Manufacturing Competition with Cash Prizes

The Army is running a Prize Challenge-esque event in the topics below with cash prizes. If your company or academic institution has the desired solutions (or ideas), you have less than two weeks to compose an initial pitch! There are five areas in which to compete: Hypersonics, Directed Energy, Power and Energy, Digital Thread, and Additive Manufacturing.

PNDC HIGHLIGHTS

AUSA 2022 was a Rousing Success!

From the welcome dinner to the rooftop bar to the booth itself, our time at AUSA 2022 was a great success. Thank you to our booth participants, including **SIGMADESIGN**, DH Sutherland, GrovTec, Northwest UAV, and Silicon Forest Electronics. A special thank you goes out to Washington State Department of Commerce, BusinessOregon, Montana Department of Commerce, and Idaho Commerce. We could not have done it without you! We are looking forward to the next opportunity!

MEMBER NEWS

SIGMADESIGN Partners with City of Pendleton

Exciting news! **SIGMADESIGN** is partnering with Pendleton UAS Test Range (PUR). **SIGMADESIGN** is working with the city to develop support services at PUR to serve customers on-site by providing part or component repairs, builds, engineering, and development. A shop facility at PUR is being added along with access to product development support services. UAS products currently being tested at the range include innovations in defense, technology, agriculture, communications, and medical industries. This partnership will provide enhanced engineering, integration, CAD modeling, and rapid prototyping. Read more [here](#).
