IN THE NEWS

SBIR Poised to be Approved By House This Week

The fate of the SBIR extension has been in limbo for several months. On September 20th, the Senate made sure that the bill is still in consideration. Tomorrow, the House will vote on whether or not the program will be extended for another three years. Some senators, like Jeanne Shaheen (D-N.H.), hope that it will be a resource for years to come. "...to avoid these looming deadlines and unnecessary uncertainty for companies that rely on access to the SBIR and STTR programs – it's time to reauthorize the programs permanently," said Shaheen in a release.

PNDC HIGHLIGHTS

Attending AUSA on October 10? Stop by Our Booth #4007

PNDC is hosting a booth at the AUSA trade show on October 10-12 in Washington, D.C. We will be featuring five pacific northwest businesses. If you also plan to be in attendance, please reach out to Denise Ryser. We would love for you to stop by our booth for a visit or join us for a stroll around the showroom floor.

The PNDC Welcome Dinner for AUSA will be held at Kinship restaurant on Monday, October 10 at 6:00PM. PNDC will provide the first round of drinks and appetizers, after which attendees will be responsible for their own food and drinks. Let us know if you can make it!

See the Gladiator A300D Accelerometer in Action

Low Noise. High Speed. Check out Gladiator's state-of-the-art MEMS Accelerometer, the A300D. It offers the latest advancements in inertial technology combined with ultra low noise sensors, cutting edge VELOX™ processing and user configurable firmware with the most advanced features available. Gladiator has created a high performance accel fit for GPS Navigation, High Speed Rail Monitoring, Flight Control Navigation, and more. Sized at 0.6 cubic inches this is one of their smallest and most accurate MEMS Sensors.

Northwest Aerospace News Announces Vendor Website & Directory Opportunity

Northwest Aerospace has just launched the new Aerospace Vendors Website with plans to grow it into the largest database of Aerospace Suppliers in the Industry. They are combining a Featured Listing in Aerospace Vendors with a listing in their annual Resource Guide - coming out in December - at a substantial discount to create the most cost effective way to present your company to potential partners. Aerospace Vendors now has User/Password function to allow you to update 24/7 and use your URL to deliver the "one click" opportunity to share all that you do.
